

Denso North America

Leaders in Corrosion Prevention

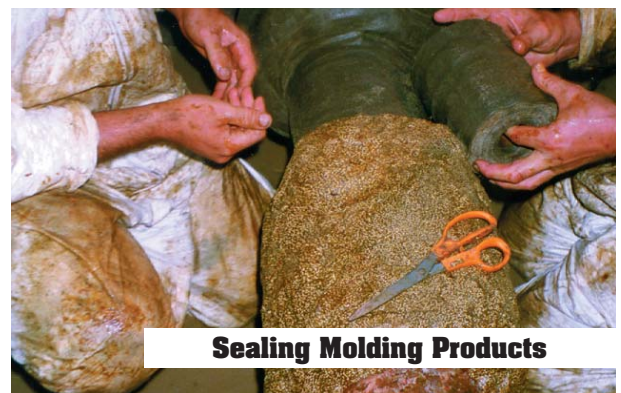

Petrolatum Tape Systems

Protal Pipeline Coatings

Archco Rigidon Coatings & Linings

Sealing Molding Products

Bitumen & Butyl Tape Systems

SeaShield Marine Systems

Protal Pipeline Coatings

Protective Liquid Coatings

Uses and Applications

- Liquid coating of girth welds, tie-ins and cadwelds
- Liquid coating of welds for boring applications
- Repairs to FBE, fittings and fabrication
- Rehabilitation of existing pipelines

Features

- Easy to apply (brush, roller or spray)
- Fast cure
- High build (up to 50 mils in one coat)
- Does not shield cathodic protection
- Complete line of liquid coatings

Petrolatum Tape Systems

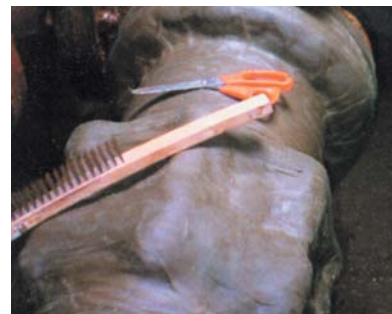

High Performance Petrolatum Products

Uses and Applications

- Above and below ground pipe, flanges and valves
- Underdecking piping, hangers, tie rods and connections
- Cooling tower piping, tank bases and pipe under thermal insulation
- Offshore platform piping, conduit, and structural steel and so much more...

Features

- Applied to marginally prepared surfaces (SSPC SP2-3)
- History of proven application since 1929
- Can be applied to cold & wet surfaces

- Easy application from arctic to tropical temperatures

- Complete line of petrolatum primers, mastics, sealers, and void fillers

Sealing & Molding Products

Self Supporting Molding Compounds

Uses and Applications

- Flanges and flanged joints
- Valves and couplings
- Nuts and bolts
- Any irregular shapes

Features

- Excellent Sealing and molding properties
- No VOCs
- Unaffected by water, acids and salts
- Minimal surface preparations (SSPC SP 2-3)
- Cold applied, self supporting and flexible
- Provides a smooth profile

Bitumen & Butyl Tape Systems

High Performance Pipeline Tapes

Uses and Applications

- Above and below ground pipe
- Coating of weld joints, fittings and fabrication
- Pipeline rehabilitation and repair

Features

- Excellent adhesion to pipe and self
- Excellent conformability and consistent uniform thickness
- Meets AWWA Standards
- Complete line of cold and hot applied tapes ranging in 10 mils to 80 mils in thickness

SeaShield Marine Systems

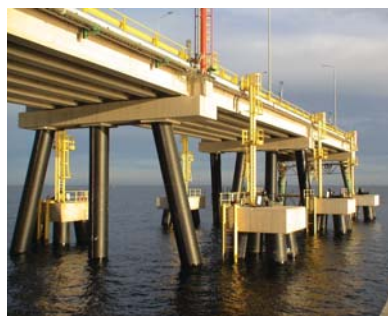

Pile Protection Systems

Uses and Applications

- Corrosion protection of concrete and steel piles
- Marine borer protection of timber piles
- Rehabilitation of existing timber, steel and concrete piles

Features

- Over 30 year history of prove applications
- Low cost rehabilitation
- Adds years of life to piles and piers
- Complete line pile protection systems, underwater epoxies, injectable epoxies, nylon fabric forms and fiberglass forms

Archco Rigidon Coatings & Linings

Coatings & Linings for steel and concrete surfaces

Uses and Applications

- Storage tanks
- Offshore structures
- Rail Tankers
- Steel Piles, risers & sheet piles

Features

- Excellent corrosion resistance
- High build up to 40 mils in one coat
- Excellent water/sea water resistance
- High temperature tolerance
- High abrasion resistance
- Excellent cathodic disbondment results
