Tape Systems**

Leaders in Corrosion Prevention and Sealing Technology

Petrolatum Tape Systems

The original petrolatum tape for marginally prepared surfaces with over 80 years in service.

Bitumen and Butyl Tape Systems

High performance adhesive tapes for above and below ground pipe, coating of weld joints, fittings and fabrication, and seaming and repair of geomembranes.

Protal Liquid Pipeline Coatings

A full range of fast cure, high build epoxies for a variety of above and below ground corrosion protection.

Sealing and Molding Products

Self-supporting molding compounds for irregular surfaces such as flanges and couplings used in conjunction with petrolatum tapes.

SeaShield Marine Systems

A full range of steel, concrete and timber pile rehabilitation systems including petrolatum systems, fiberglass jackets, epoxy grouts and many other products.

Road Products

A full line of road and maintenance products that are rugged, flexible and seal asphalt to steel and/or concrete surfaces.
