Protal Pipeline Coatings

Protective Liquid Coatings

Uses & Applications
- Liquid coating of girth welds and tie-ins
- Liquid coating of welds for boring applications
- Repairs to FBE, fittings and fabrication
- Rehabilitation of existing pipelines
- Coating of cadweld areas
Protal Pipeline Coatings

Protal 7125 being brush applied in arctic temperature conditions.

Protal ARO being spray applied.

Pipe coated with 30 mils of Protal 7900HT.

Protal Repair Cartridge application.

Features

● Easy to apply (brush, roller or spray)
● Fast cure
● High build (up to 70 mils in one coat)
● Outstanding cathodic displacement results (6mm @ 203°F)
● Excellent adhesion (compliments FBE coated pipe)
● High abrasion resistance for drilling applications
● 100% solids (no solvents)
● Safe and environmentally responsible
● Does not shield cathodic protection
