...The trades choice

DRY LINING TAPE

SELF-ADHESIVE PLASTER BOARD JOINTING TAPE

Fiberglass self-adhesive tapes for drywall joints. Each product is offering strength, flexibility, easy installation and considerable cost savings.

- **Perfect joints: flat surface with only one layer of filler.**
- **Without blister and bubbles: open mesh avoids these defects.**
- **Self-adhesive for easy application.**

STORING

Packed rolls are to be stored in dry rooms.
Storing temperature is from - 10 C to + 50 C
